- Expedite the check-out process and convenience for your customer by pulling information from the Reynolds & Reynolds System.
- Decrease exposure and liability with professionally printed, complete rental agreements.
- Check availability, quote rates, and book your service customers quickly and easily.
- Recount all charges and payments within a time period with Daily Business Reporting.
- Bi-Directional Interface to Reynolds & Reynolds pulls customer, rental and payment history from your DMS while returning the Accounting Information from your DBR.
- Comprehensive reporting features increase your management control.
- TSD Toll-Free Support Available 7 Days a Week!
- TSD provides installation assistance and a free Training Session at TSD.

"TSD Loaner Management Software has improved our Service Consultants' efficiency to process the Loaner Contracts in a timely manner. For management it is very easy to locate loaners and track them. TSD is the best!"
Pete Coorey, Tustin Lexus, CA

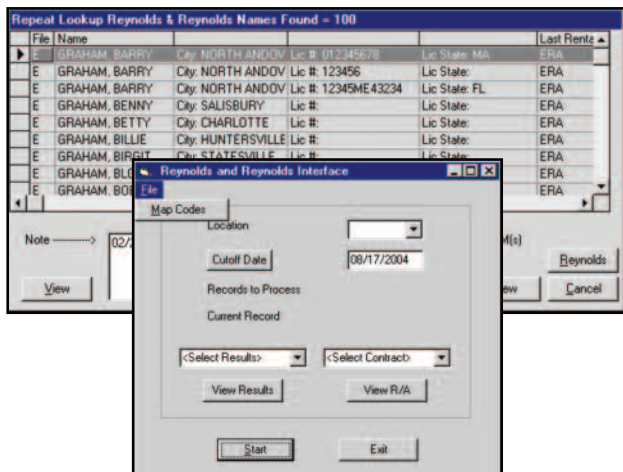

Expedite Your Checkout Process and Increase Control with the Reynolds & Reynolds Interface to TSD Software.

TSD is a Certified Reynolds & Reynolds Performance Path Partner.

Improve Efficiency

Increase Profits

“The Reynolds & Reynolds interface from TSD RENTAL Management Software into the ERA system has eliminated the need for additional personnel to re-enter data into the dealer system. Customer service has improved by allowing customer data for dealership customers to be retrieved in TSD RENTAL. The support TSD has provided for the interface has been fantastic.”

Bill Todd, Modern Toyota, NC

Hundreds of dealerships have chosen the #1 Windows-based TSD RENTAL Management Software.

- Deliver fast and efficient point-of-sale customer service.
- Increase control over your fleet with reporting and alert features.
- Enhance accuracy in accounting with split billing and efficient invoicing processes.

Enhance connectivity and communication between departments.

- ERA Number Integration allows dealership customer information to automatically transfer to TSD RENTAL.
- TSD RENTAL automatically assigns an ERA number to any new renter, and includes it on their agreement!
- Any critical renter information entered to TSD RENTAL is automatically transferred to Reynolds and Reynolds at the completion of the open agreement.

Enhance your loaner fleet control and customer's experience.

- Learn quickly on easy-to-use software. There are no accounting screens to bypass!
- Deliver faster customer processing. Complete a loaner agreement in seconds with information pulled directly from the Reynolds & Reynolds DMS System.
- Ensure timely loaner returns and recognize customer issues with accurate reporting and alerts.
- Check availability in one click, quickly reserving a vehicle for your customers.
